

Canterbury SCHOOL

The Canterbury School Super Curriculum

At Canterbury School, learning doesn't start and stop at the classroom door. Our Super Curriculum is designed to inspire curiosity, creativity, and a genuine love of learning by encouraging students to explore their subjects beyond the timetable.

Each department has created a set of exciting, enriching activities – nine in total – that extend and deepen what you study in lessons. These might include reading an extra book by an author you've enjoyed in English, listening to a podcast about a scientific discovery, visiting a local museum, or even trying out a creative project inspired by your learning.

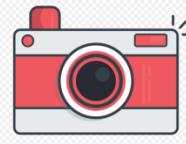

The aim is simple: to give you the chance to take your knowledge further, make connections between subjects, and discover new interests along the way. Whether you choose to complete one activity or explore them all, the Super Curriculum is your opportunity to take ownership of your learning and see where your curiosity leads you.

We believe that great learning happens when you're inspired to go further. The Super Curriculum is your invitation to do just that – to take risks, follow your interests, and celebrate the joy of discovery. We encourage every student to get involved and make the most of the opportunities waiting beyond the classroom.

Also, don't forget to show your subject teacher what you have completed, as each activity earns a Merit Point. ☺

Super Curriculum Art/Photography Year 9

<p>Design a new cover for your favourite art book or art magazine.</p> 	<p>Create a piece inspired by a place you have visited on holiday</p> 	<p>Invent a fun activity for National Art Week.</p> 
<p>Visit a local gallery or museum and write a short review of your favourite artwork.</p> 	<p>Try one new art technique or medium every month (e.g., watercolour, collage, charcoal)</p> 	<p>Research an artist you didn't know before and recreate one of their works in your style.</p> 
<p>Visit a local gallery or museum and photograph your favourite artworks (if allowed).</p> 	<p>Create an artwork using one of your photos as inspiration.</p> 	<p>Enter the school or local art competition.</p> 

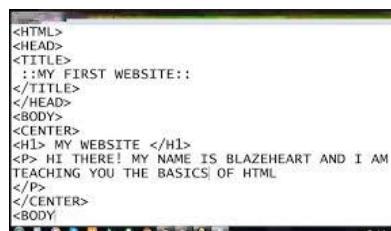

Super Curriculum

Computer Science Year 9

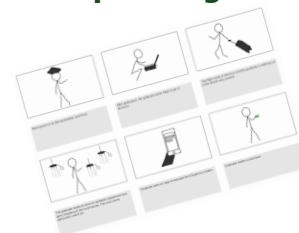

Create your own blog or comic strip to explain a challenging Python concept like loops or lists.

Explore how HTML and CSS work together — try changing the design of your own webpage.

Design a storyboard for a video project — include shots, transitions, and audio planning.

Take part in a global coding challenge like Bebras or Google's Code with Google activities.

Design your dream app — sketch out how it would look and what it would do.

Create a digital campaign (poster or video) about cyberbullying and digital responsibility.

Use free platforms like Replit or Glitch to build a mini personal website using HTML and CSS. Try adding a navigation bar or a contact form.

Research a famous cyberattack (e.g., WannaCry or SolarWinds) and present how it happened, what was affected, and how it was prevented.

Combine 2–3 of your best Python projects into one code, comment your code, and write short notes explaining each project's purpose.

Super Curriculum

English Year 9

<p>Create a mini-documentary, slideshow, or wall display exploring the historical and social context of the novel OMAM.</p> 	<p>Write an additional chapter for OMAM from the perspective of a side character (e.g. Candy or Curley's wife etc) using Steinbeck's style and context.</p> 	<p>Find and watch a film or read a book set in war times.</p> 
<p>Create a visual artwork, collage, or digital poster inspired by a war poem, illustrating its mood, symbols, and message.</p> 	<p>Read two newspaper articles about a war (past or present). Summarise the main points.</p> 	<p>Imagine you are attending the same masquerade ball as Romeo and Juliet. Design and create the mask you would wear.</p> 
<p>Rewrite a key scene from Romeo and Juliet as a modern text conversation, email chain, or diary entry from one character's point of view.</p> 	<p>Choose an inspiring personal travel photo and write a 200-word descriptive passage to evoke the moment for your reader.</p> 	<p>Create an annotated world map with short travel writing pieces for five locations, real or imagined.</p> 

Super Curriculum Geography Year 9

The most unbelievable wonders of the Amazon.
<https://www.youtube.com/watch?v=LPIyBe3UDPI>

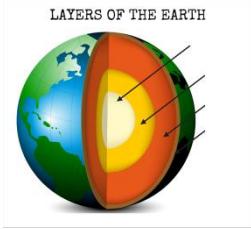

Plot a timeline of the EU
https://europa.eu/principles-countries-history/history-eu_en

Create a factfile about a tectonic hazard from the last 5 years.

Create a model to show the layers of the Earth (can be out of anything)

Visit Bandama Caldera

Amazing animals of Asia

<https://www.youtube.com/watch?v=OMnp6b03D3s>

Research a product - find every country that is part of making it and show on a map.

Plot all the tourist attractions in an area of Gran Canaria on a map.

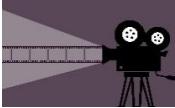

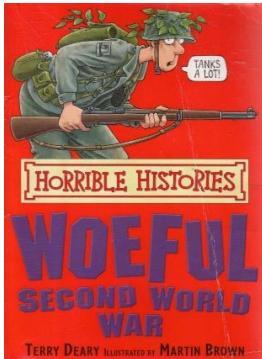

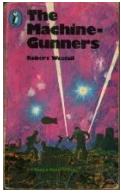

"Volcanoes: Earth's fiery wonders"

https://www.youtube.com/watch?v=tqIC_JGPSIk

Super Curriculum History Year 9

<p>Visit: A place of historical significance while on holiday.</p> 	<p>Research: Key dates, events and information for a timeline on something of interest to you!</p> 	<p>Watch: Horrible Histories episode - Causes of WW1</p> 
<p>Watch and Evaluate: Watch a historical film based on a 20th Century event. Question if it is true to real life?</p> 	<p>Read:</p> 	<p>Find out: About the history of a foreign city while on holiday. Sign up for a guided tour!</p> 
<p>Listen: To a History Podcast from the 20th Century and note the Historian!</p> 	<p>Link: History and Music through a song or artist!</p> 	<p>Read: A fictional novel that uses historical events from the 20th Century.</p>
